

INSULATING CONCRETE FORMS: ROUNDTABLE AND SITE TOUR EVENT

November 14-15, 2018

Springhill Suites
5301 North Riverside Drive
Fort Worth, TX

Register online at www.nrmca.org/DallasNOV18

Join us for a two-day roundtable and site tour event where we'll explore the latest innovation in concrete construction: **Insulating Concrete Forms (ICFs)**. You'll learn how ICFs are helping hotel operators, school districts, churches, apartment building owners and other developers provide high-performance concrete buildings at a competitive first cost and low operating cost.

November 14: Start with a short bus ride from the Springhill Suites to the iconic Tadao Ando designed The Modern art museum for a tour, reception and dinner.

November 15: At the Springhill Suites you'll learn from design professionals and building owners about their experiences designing and building with ICFs. You'll learn about energy efficient ICF hotels and schools in the Dallas/Fort Worth area along with other projects including an office complex and a beautiful church. We'll take a bus tour of two ICF schools, one completed and one under construction, and an ICF church before returning to the Springhill Suites.

WHO SHOULD ATTEND:

Architects, engineers, developers, building owners and contractors. Product manufacturers and distributors will also benefit.

REGISTRATION FEE

\$245 for first attendee (SPONSOR), free for accompanying guest.
